Features and Benefits

JBL Pure Bass Sound

JBL Pure Bass Sound brings depth and energy to everything you hear. Our 33mm drivers deliver rich, powerful audio whether you're hyping yourself up, winding down, or just enjoying the moment.

Hi-Res Audio

Hear every detail as it was meant to be heard. With hi-res 96kHz/24bit audio powered by a built-in DSP, the music you love offers a richer, deeper listening experience than you ever imagined.

Wide compatibility

Just about every digital audio device uses USB-C connections now. So you can plug your JBL Tune 530C headphones into just about every device, including PCs, mobile phones, gaming devices, tablets, and laptops.*

*Please check USB-C compatibility with your device.

3-button remote with microphone

Take calls, skip tracks, change the volume—even switch EQ presets—without missing a beat. The built-in mic and three-button remote put everything you need right at your fingertips.

Easy EQ presets

Stick with the default EQ for balanced, all-around great sound. Want more thump? Switch to Bass mode for extra low-end punch. Like to focus on the words? Vocal mode brings voices to the front with even more presence and detail. Your sound, your way.

Lightweight, comfortable, and foldable

Stay comfortable no matter how long you listen, thanks to the soft on-ear cups and lightweight padded headband. And when it's time to move on, your JBL Tune 530C USB-C fold flat, so they fit effortlessly into your everyday carry.

Tangle-free flat cable

Our flat USB-C cable stays smooth and tangle-free—no knots, no frustration—whether you're wearing them or tossing them in your bag. Reinforced connections add extra durability for easy everyday use.
